- ◆ Isoflavones (Soy + Kudzu) **74 mg**
- ◆ Vitex Agnus Castus **25 mg**
- ◆ Monacolin K **5 mg**
- ◆ Vitamin K1 **105 µg**
- ◆ Vitamin D3 **25 µg**

**HOW TO USE:** 1 tablet a day with a glass of water after the main course.

**PACKAGING:** 30 divisible blistered tablets inserted in a fold box with leaflet.

## **GRIFFONIA SIMPLICIFOLIA:**

The plant of African origin with a high concentration of 5-hydroxytryptophane (5-HTP), which, once converted in serotonin, plays a fundamental role in the mood control in menopause.

## **VITAMINS K1 and D3:**

These vitamins allow the transformation of the osteocalcin protein into its activated form, which is essential to fix calcium in the bone tissues.

## **MONACOLIN K:**

A natural statin useful to normalize blood cholesterol levels helping reducing the risk of CVDs.

## **ISOFLAVONES and VITEX AGNUS CASTUS:**

The natural oestrogen-progesterone mix particularly useful to counteract the menopausal disorders, especially the vasomotor symptomatology.
